Lifeline Critical Information

- Lifeline service is a government program that enables qualified low-income consumers to receive discounted service on either a wireless or landline phone. Qualifying consumers are limited to one Lifeline service per household. A household is any individual or group of individuals who live together at the same address and share income and expenses.
- A household is not permitted to receive Lifeline benefits from multiple providers. Any such violation of the one-per-household limitation constitutes a violation of federal law and will result in the subscriber's de-enrollment from the program. Defrauding a federal government program may also result in fines and/or criminal prosecution, and/or being barred from future participation in government programs.
- Lifeline is a non-transferable benefit. The subscriber may not transfer his or her benefit to any other person at any time.

Participant Responsibilities

- Subscriber will notify their carrier within 30 days if, for any reason, he or she no longer meets the eligibility requirements listed above.
- If the subscriber moves to a new address, he or she will provide that new address to their carrier within 30 days.

Toll Limitation

- ☐ I elect to not allow the completion of outgoing toll (long distance) calls from my telephone. (Note: You will not be charged a deposit to initiate service if you elect toll limitation.)

Address	
Telephone Number	

Lifeline is a government program that provides a monthly discount on home or mobile telephone services. Only ONE Lifeline discount is allowed per household. Members of a household are not permitted to receive Lifeline service from multiple telephone companies.

Your household is everyone who lives together at your address as one economic unit (including children and people who are not related to you).

The adults you live with are part of your economic unit if they contribute to and share in the income and expenses of the household. An adult is any person 18 years of age or older, or an emancipated minor (a person under age 18 who is legally considered to be an adult). Household expenses include food, health care expenses (such as medical bills) and the cost of renting or paying a mortgage on your place of residence (a house or apartment, for example) and utilities (including water, heat and electricity). Income includes salary, public assistance benefits, social security payments, pensions, unemployment compensation, veteran's benefits, inheritances, alimony, child support payments, worker's compensation benefits, gifts, and lottery winnings.

Spouses and domestic partners are considered to be part of the same household. Children under the age of 18 living with their parents or guardians are considered to be part of the same household as their parents or guardians. If an adult has no income, or minimal income, and lives with someone who provides financial support to that adult, both people are considered part of the same household.
